LINDA McQUAIG – Award-Winning Journalist and Best-Selling Author

In seven Canadian best-sellers and in her columns in The Toronto Star, Linda has developed a reputation for challenging the establishment. She now brings that critical perspective to the subject of billionaires, and the impact of extreme inequality on the rest of society. Linda will explain how, in the last few decades, the concentration of income in the United States, Britain and Canada has reached levels not seen since the late 1920s. ***Register Early to avoid the Delays at the Registration Desk!***
